

Yeshua Practitioner

*"The Evangelism of releasing
Yeshuas resurrected life force is not an event
it is a lifestyle expression" Brock Davis 2020*

Situation

Evangelism today has taken on a strange form getting away from Gods normal people sharing Christ, into something reserved for the super elite christians to do only from a pulpit or on special occasions yet Yeshua lived in the power of Resurrection, and so can live like him (Acts 17) as his children.

Yeshua the King has placed in my heart to GO freely into any country I visit and and facilitate evangelists with no effort at all and share the cross of the living resurrected King to those who dont know him. For them to Disciple those God gives them.

Message

Shalom

My name is Brock Im a retired Policeman from New Zealand and my wife and I are full time travelling missionaries.

I have a heart to facilitate and encourage believers to share their faith with everyone God leads them too. Thats why I train people to be pratitioners of the Living Gospel (Mark 16) And He said to them, “Go into all the world and preach or (Be) the gospel to all creation.

At no cost at all, I offer a 1 day session to gather those who have a heart to share their faith in Christ with unbelieving people in a way they feel comfortable and have faith to do.

Sharing the Love of Yeshua comes from the heart, it flows from the heart and is applied by simple child like faith and expressed in Love. The greatest gift he gives us is that he sees us, and this we give to everyone we meet.

Mission

1. To equip and build the Kingdom of God and share Christ by the Holy Spirit, with unbelievers through unity and freedom of peace.
2. To exercise practical usable skills to share the Love of Christ authentically, with no effort.
3. For participants in years to come to continue sharing and bring those touched by his hand to maturity in christ through continued meeting together

Execution

1. Find Gods people in a place or town who have evangelism and Discipleship on their hearts.
2. Call together all those who think they have a heart for sharing with non believers with a gift of evangelism and prophecy releasing Yeshuas presence.
3. Find a venue to gather young and old believers.
4. Put 1 day aside.
5. First training and practice, Second is the deployment (depending where Yeshua leads people to share at markets, on the street, or events, door to door, town square, (any where that he leads)
6. After: people are encouraged to make this a daily practice, and Disciple those who they we led to.
